

Oral Comment from Houma, Louisiana Public Meeting  
October 19, 2005  
Ramada Inn, Houma Louisiana

Commenter: Charlotte Randolph, President of Lafourche Parish

I have a question and a comment. Speaking of politics, I'm Lafourche Parish President Charlotte Randolph. I will only reiterate what I said to the media earlier when the story first came up, was that because of LOOP'S excellent track record, and the fact that so much of the infrastructure is preexisting certainly is something that we would look to more favorably. Both sites, actually — Chacahoula, a portion of it is in Lafourche Parish. So both sites are under consideration for this. But at the same time, certainly that LOOP site has the existing infrastructure that we can begin this process, and because they've been such terrific stewards of the environment, I think it fits so well with the LOOP and Clovelly site, when your selection comes around. Thank you.
